## KANSAS CITY WOMAN GAINS TWENTY POUNDS

Mrs. R. T. Butts Says Her Life Was Miserable For Two Long Years Before She Began Taking Tanlac—Now Enjoying Fine Health.

"If it had not been for Tanlac I would still be a sick woman, so I feel like I ought to tell everyone what this wonderful medicine has done for me." was the sincere statement made recently by Mrs. R. T. Butts, 1924 Trost avenue, Kansas City, Mo.

"By the help of Tanlac I have gotten rid of a severe case of nervous indigestion that had made my life miserable for the past two years. I could not eat anything without suffering afterward. The gas on my stomach would rise up into my chest and press on my heart and at times would almost choke me. My nerves were so upset that the least unexpected noise would almost distract me. I seldom slept well and was so nervous I would often roll and toss until after midnight and what little sleep I did get seemed to do me no good. I was also a great sufferer from headaches and would often get so dizzy I would have to hold on to something to keep from falling."

"One day I happened to see a testimonial for Tanlac, describing a case like mine. I bought a bottle and before I had finished it I began to feel just like a different person. Those terrible headaches disappeared and my appetite returned. When my first bottle was gone I got another and I kept on improving until now I can eat just anything I want and I never suffer any more from indigestion. I am not the least bit nervous and rest well at night and never know what it is to have a headache or a dizzy spell. Tanlac has not only relieved me of my suffering, but I have actually gained 20 pounds in weight and have

# CORRECTLY GRADED DIAMONDS

Can be had only from an expert with years of experience. By one who has specialized in this work. To properly grade and class them is our specialty. Our method of grading and weighing precludes any possibility of error.

Diamonds come to us from the cutters direct in large papers. They are gone over a number of times to be sure that the intrinsic value on each separate stone is correct.

Every stone we handle is marked in plain figures as to weight, price and grade.

We take pleasure in telling our customers all we know about diamonds; we believe the certainty of knowing what grade and value you are getting has everything to do with contented possession.

Certain knowledge that you are asked the lowest price that the diamond can be bought for is, we think, due you.
